FOSTER PREFERENCES

Below is a list of different foster categories. Please indicate which of the following types of fosters you'd be interested in:

- **Mother with Nursing Young:** Yes No
Mother will need to be kept with her babies (young) until they are weaned at 4 to 5 weeks of age.
- **Underage, Self-Feeding Animals:** Yes No
Animals under 8 weeks of age may require 2 to 6 weeks of care.
- **Injured or Sick Animals:** Yes No
Animals in this category will probably need medication(s), special housing circumstances, and ongoing medical care that requires keeping medical appointments. The foster period could require 2 to 8 weeks of rehabilitation and care depending on the circumstances.
- **Behavior Modification Animals:** Yes No
These animals could be young and in need of additional socialization before they will be ready for adoption or they may be older and require observation and/or rehabilitation in a home environment.

Which of the following are you able to accommodate in your home (check all that apply):

When are you available to start fostering? _____

Thank you for your interest in fostering an animal in need. Your offer to temporarily care for a shelter animal will allow the Brevard Humane Society to find loving homes for more adoptable animals. Pets can add fun, companionship, entertainment, and love to our lives. However, they are also a big responsibility. Please contact the Humane Society if you have any questions or concerns about your foster animal(s). This agreement may be terminated by either party at any time. Upon termination, all foster animals in your care must be returned to the Brevard Humane Society in Cocoa.
